Born on February 12, 1994 in Lafayette, Tippecanoe County, Indiana. Dakota was just 24 years old and an incredibly happy new father when on Friday January 18, 2019 he was so quickly called up to Jannah after being involved in a tragic accident in Fayetteville, GA. He was so deeply driven to be a wonderful loving provider to his new young family. He had just recently started his own paving, seal coat and concrete business-Dymenn Seal. He was very proud of this as he should have been. Also working many contracted jobs in an effort to be the backbone of his family and to ensure that they didn't go without. Dakota was constantly on the move for the next plan of action. Never resting. These are just a few small measures of the man he was becoming. As my family and I have been on our journey of retracing his footsteps and daily walks in life, we have had encounter after encounter with individuals illustrating his integrity, his commitment to others and his commitment to family. The immense size of his heart and LOVE he had flowing through his veins his was all proven time and time again with each and every conversation had with those who encountered him. We know that this truly isn't the end baby boy and we will celebrate your spirit and your memory with the same honor, integrity, and commitment that you showed to all those that you touched and were so lucky to be in your glowing smiles presence. We have no doubt that Dakota will be in paradise and he has already made his way to Mecca because Allah knew his intentions were so.

From the bottom of my heart I Love You more than the world will ever know and your family was here for you to bring you back home. WE all Love You so very much Dakota. You are still our "Koda Bear". You are still your momma's "Moon" and you will always be her baby boy. Always and Forever
